## SKILLS

Proficient in C#, Java, JavaScript, SQL, Sqlite, SQL Server, MongoDB, Debugging, React, HTML, CSS, Node.js, Git, XAML, Kotlin, Jetpack Compose, Python, Visual Basics, Firebase, ASP.NET, MAUI

## WORK EXPERIENCE

### **Web Developer Intern** — *Hazmat Systems Inc.*

**Technologies:** ASP.NET, VB.NET, SQL SERVER, Crystal Reports

January 2024 - May 2024

- Improved the visual aesthetics and usability of client-facing web pages
- Conducted thorough debugging and testing to identify potential vulnerabilities and weaknesses, ensuring website stability and security
- Implemented local resource files, consolidating content and eliminating the need for multiple pages, resulting in a more efficient and maintainable web structure

### **IT Intern** — *FLS Transportation, Saint-Laurent, Quebec*

June 2022 - August 2022 / December 2023 - May 2024

**Technologies:** Active Directory, 0365 Products

- Answered tickets on the HelpDesk: responsible for solving a variety of client technical issues
- Managed the active directory creating users and groups and set up laptops for new hires
- Led multiple project consisting of integrating new software and hardware disposal

### **Computer Science Tutor** — *John Abbott College, Sainte-Anne-de-Bellevue, Quebec*

Winter Semester 2023 & Fall Semester 2023

- Tutored Programming II, Database and Web courses to first and second year students
- Taught C#, Javascript and SQL, covering topics such as fetching from APIs, basic OOP and subqueries

## EDUCATION

### **DEC (Quebec Diploma of College Studies) in Computer Science** — *John Abbott College, Sainte-Anne-de-Bellevue, Quebec*

August 2021 - May 2024

Key Projects

- Athletic Metrics website - Web II
  - Used full MERN stack to make a website which implemented CRUD operations
- Movie Rater app - Application Development II
  - Worked in a team of 3, using Kotlin, Jetpack Compose, Firebase and Firestore with scrum and agile process

## LANGUAGES

Fluent in English, Conversational in French
